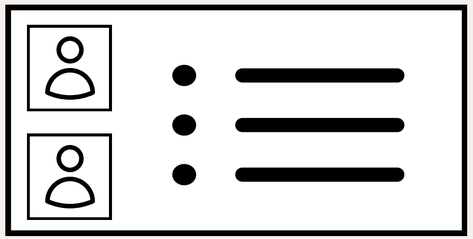
RoomEase UI/UX Overview

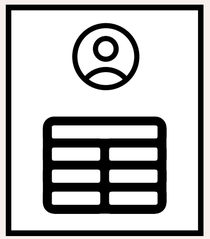
SMJE4383

DECEMBER 13, 2024

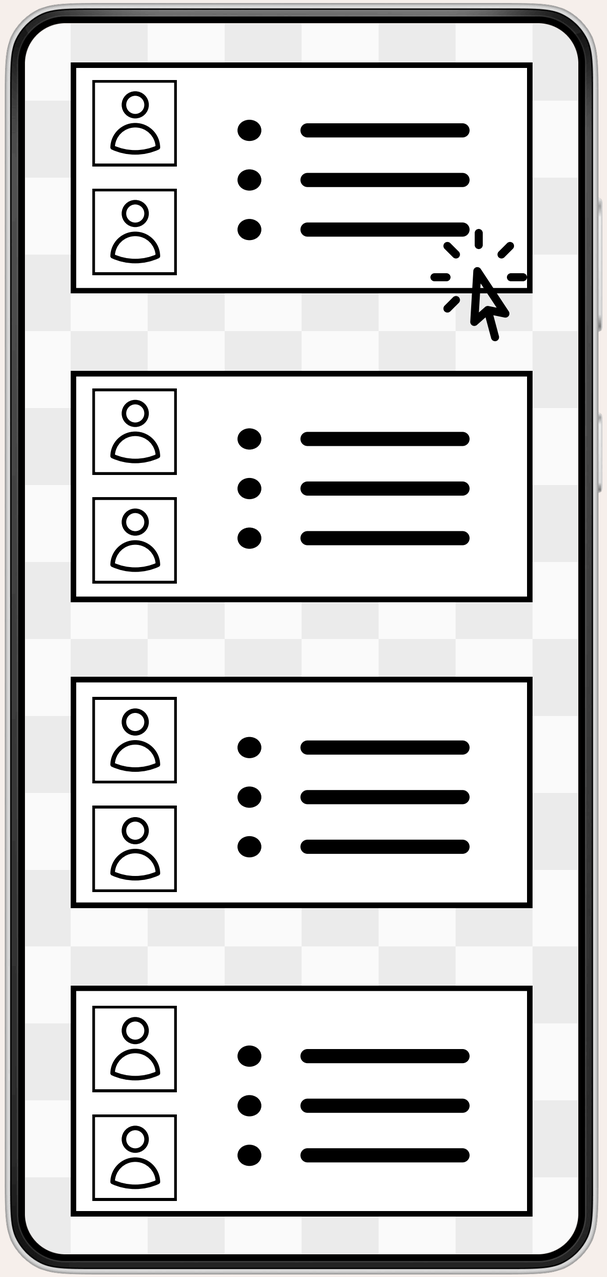
Here’s our concept on Admin Page

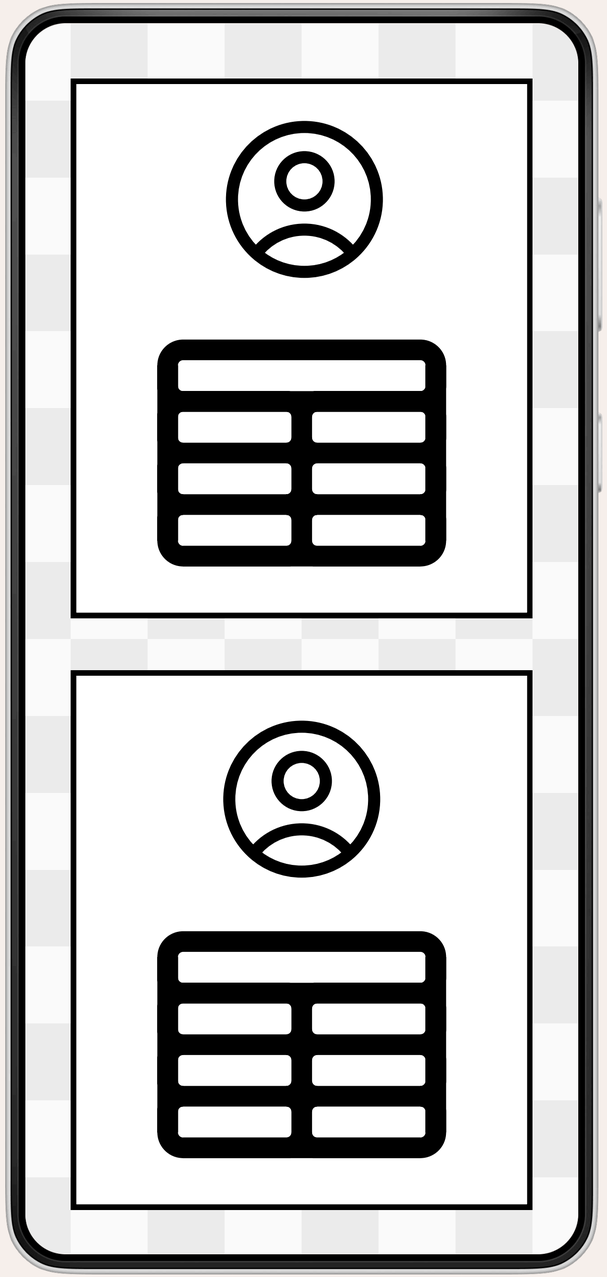


A Preview of Matched Profiles
Each box displays photos of the paired roommates along with their assigned pair number.

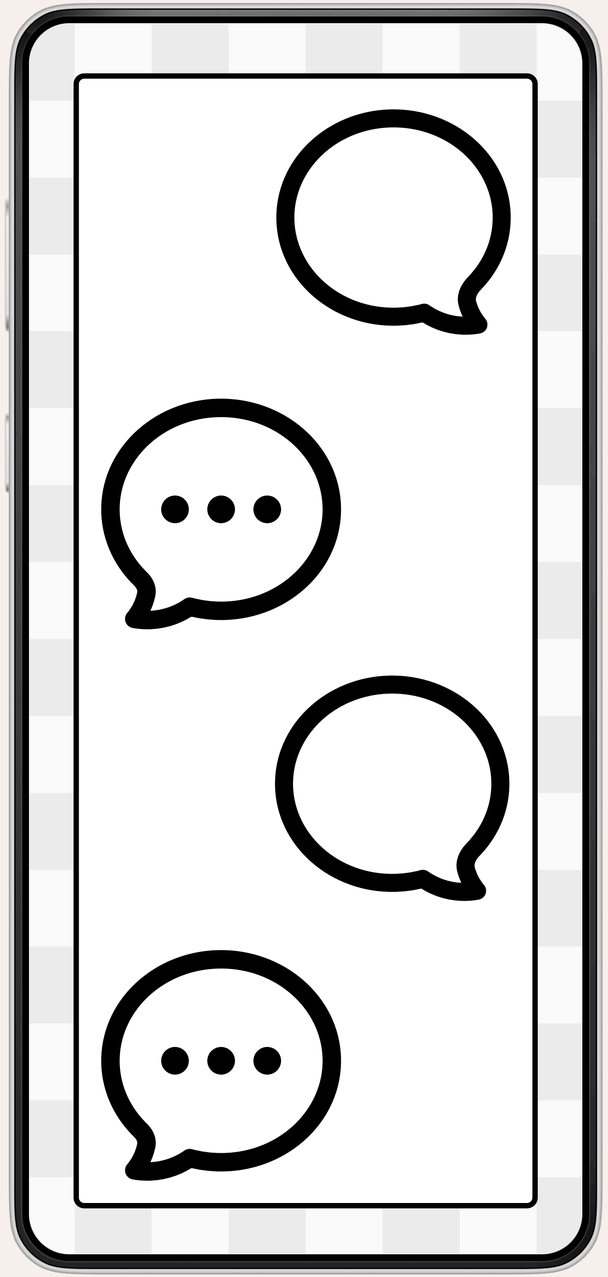


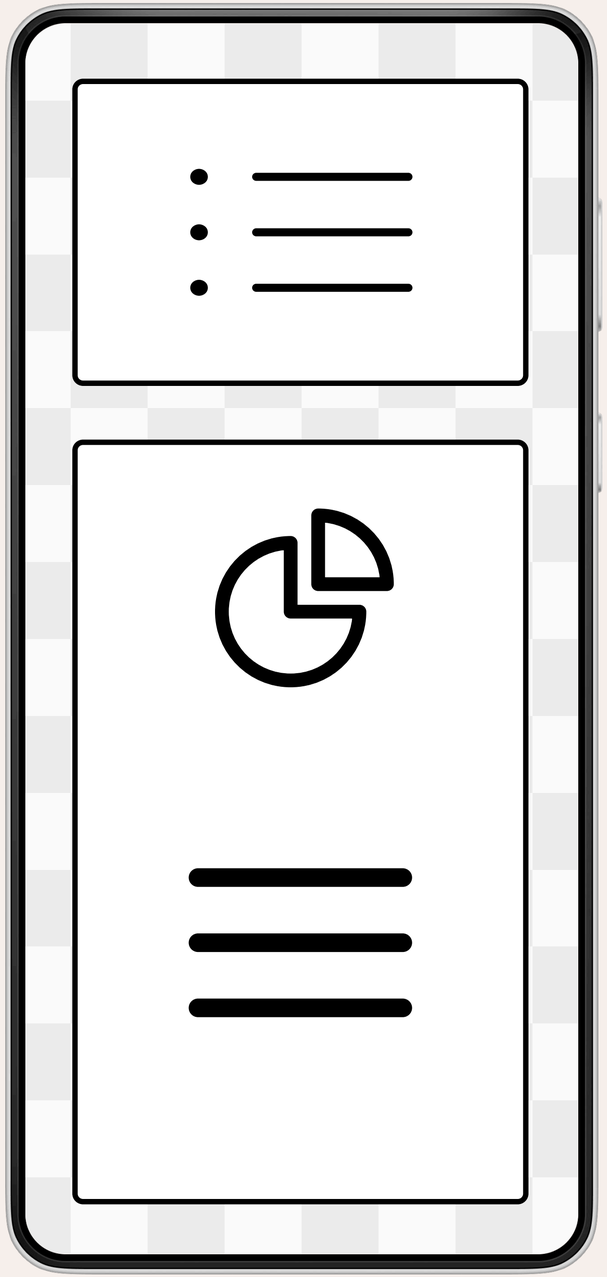
Details of Students’ Profiles
Displays personal details of the students, including their Full Name, Matric ID, Faculty, Programme, Year, and Contact Information.





Here’s our concept on Student Page

Chatbox
The AI assistant queries the student’s identity, such as their Full Name and Matric ID, to look up their profile in the UTM database.
Then, students answer personality and behavior test questions.




Room Matching Result
Students can view information about their roommate, including Name, Faculty, Programme, Year, and Contact Number, along with the compatibility score and an explanation of why they are compatible.
